## WESTERN WAROLINA UNIVERSITY

1989

## 1989 DEDICATION

The 1989-90 Catamount Yearbook is dedicated to the

students — past, present, and future.

The students of Western Carolina University contribute more to the success of the university than any other factor involved. They contribute money, time, and effort into all

they do at Western or for Western.

The alumni contribute money and time to the university. The money goes to benefit scholarships, sporting events, and additions to the campus. A prime example of the alumni contributions is the Alumni Tower which will be completed in 1990. The Tower is being donated by the Alumni of Western Carolina University and is a symbol of their continued interest in the affairs of WCU.

The present students contribute their money for their tuition, their time in classes and activities, and their effort to maintain good academic standing. The present students also put a lot of time and effort into the organizations on campus. Whether it be Greek organizations or organi-

zations in the individual majors, students at WCU commit their time and energy to the organization(s) of their choice in hopes of bettering the organization and themselves. The students at Western Carolina University put their hearts into all they do to show their love for the University.

The students of the future have not contributed any money, time, or effort to make Western a better place but they give us their love and support when it is most needed. We can only hope that in the future these dedicated young people will show their love by becoming a true purple and gold CATAMOUNT.

As anyone can see, Western Carolina University touches many lives and enriches many people, but WCU is touched and enriched by the students who have and are presently

attending the University.

There are no amount of words to express how much the students mean to the University, but I hope these shed some light on the importance of students:

The path to wisdom and success is not for kings alone; it is open to you and me.

You may not succeed at first, but the failure of your efforts may be the needed preparation for your final triumph.

If there are a hundred steps in your path to success

and you have not reached it in ninety-nine of them,

do not conclude that the journey is a failure

Press on and up . . .

the prizes are generally at the end of an effort, not at its beginning . . .

and not to go on is to miss them.

Be valiant . . . have faith in yourself.

Success belongs to him who dares to win it.

— George S. Forest

## EVENTS

## **EVENTS**

## **EVENTS**

Our Heritage

Mountain Heritage Day is celebrated on the Western Carolina University campus every fall. The purpose of this eventful day is to remind people of their heritage and how important the past is to everyone's life. Mountain Heritage Day has become a time of reunion for students and their families. Most of the students invite their parents up for the day or weekend to help them show their love and dedication to Western and the surrounding area.

There are many different types of booths at the Mountain Heritage Day celebration. The booths include wood carving, baked goods, needle work, and various other types of crafts. There are also competitions for the regional craftsmen. The competitions include shingle splitting horseshoeing, wool dying, weaving and other activities. There are also competitions in tobacco spitting, and canine pedigree.

Students and local residence are allowed to get a booth and participate as long as the products being sold are homemade or hand grown. There are a lot of organizations on campus that set up food booths such as BBQ, funnel cakes and chili. Other groups prefer to make homemade ice-cream or sweet candied apples. The money made from the sales goes to help the organizations contribute more to the campus and the community.

Mountain Heritage Day attracts not only students and their parents, it also attracts people from all over the South. People drive in from other states and camp out in parking lots and camp grounds in order to attend the festivities of Mountain Heritage Day.

Mountain Heritage Day allows each individual the opportunity to explore his/her heritage in their own individual way.

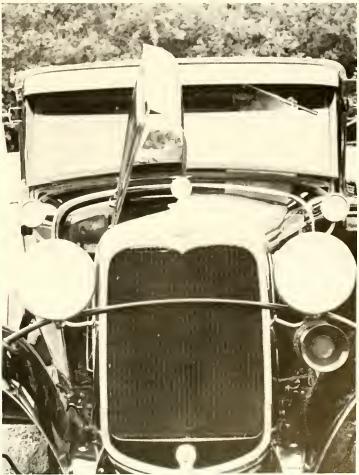

## THE CROWNING OF A NEW QUEEN

### **HOMECOMING** 1989

Homecoming 1989 was as exciting as it usually is and held just as many surprises for visitors and students.

As alumni, students, faculty and parents crowded the stadium, Mica Waters was crowned the new queen. This honor took Ms. Waters totally by surprise.

The crowning of the queen was preceded by the annual Homecoming Parade. The parade was a celebration of tradition at Western — 100 years of tradition.

## A Normal Day in Cullowhee

The normal day in Cullowhee consists of going to class, gathering with friends, attending a game of the sport that is currently being played, or partying.

All the normal activities tend to draw the students of the campus closer to each other and helps form the close knit, friendly atmosphere that surrounds Western.

The students at Western know how to fill their days and nights with excitement but no matter how outrageous an event is, it is considered just another normal day in Cullowhee.

#### A Part-Y of Life

College is a time when high school graduates learn the meaning of freedom and older students learn the meaning of hardwork and perseverance. The older students already know what hardwork is because they have had more experiences than the young students and have a lot to offer through advise and support. The high school graduate comes to college hoping that college is going to be fun and slack. When they find that classes are hard and professors expect attendance, they are disappointed but still find the time to spend with new found friends and attending social functions on campus and off. All these occurrences are a part of life and we as college students have the opportunity to experience life to its fullest until we graduate from college and realize that our time at Western was a party of life instead of just a part of life. As students, we celebrated being young and in college and getting our freedom from our parents. No matter how small the amount of freedom, it was still there and as the typical students, we took full advantage of the freedom to develop our own beliefs and habits (whether good or bad). Through the four years, we grew as people and when we joined the work force, we were prepared to interact with others because that was how we spent our college years.

So to all the students at Western, Celebrate life and what you have at Western - good friends and good times.

- Rick, Stewart, Teddy, Greg, and Jonathan relaxing in the natural scene.
   Dusty Bradshaw celebrating life.
   Austy Bradshaw celebrating life.

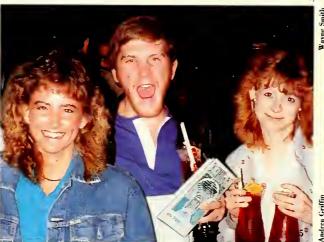

- 3. A real necessity in Cullowhee?
  4. The real reason to celebrate life friends.
  5. A group of friends relaxing after a long week in Cul-
- lowhere's the party? I need one bad.

N

#### Albright-Benton, Harrill, Reynolds, and Buchanan

Life in a residence half is filled with many exciting aspects. When students live in residence halls, they have the opportunity to meet new people and have new adventures.

Meeting new people is a big part of residence life and life at Western. The first day when you met your roommatc and the people on your hall, you knew you were where you belonged — at Western.

Since Western is the first real experience you had with total freedom, you and your new friends decided to experiment with this freedom. Late nights and early mornings became par for the course and speaking of courses, you did not do as well as you had hoped and your parents were not pleased to say the least. The following semester proved as exciting as the first but with a little less partying.

Even though you have four years to go through here in Cullowhee, you will look back on these times with fond memories and with a little regret that those days spent carefree with friends are over.

Teresa Winstead

Kelley Thoma

- 1. They look innocent don't they?
- 2. Boy, I needed a hug!
- 3. How neat can you get?
  4. Look, Mom! Like Coke's new can?
- 5. Passed out again, Kelley?

#### A Laugh A Minute at P.G. Katz

The Yearbook Staff would like to extend a special thanks to the Last Minute Productions Staff for all their help with pictures. We really appreciate the time and effort they put into getting the pictures ready for our first deadline. We also appreciate the continued support they offered us throughout the semester.

LMP, Last Minute Productions, is considered the Student Entertainment Source because they provide the students with an escape

route to boredom during the week and parties during the weekend. LMP provides entertainment in a lot of forms but the form noted here is the comedians that LMP provide for the students enjoyment.

LMP has had several comedians this semester. One of which is Marty Putz. Mr. Putz entertained the students in the pub, P.G. Katz and was a huge success. He got his audience involved with his act and gave them a chance to get up on stage with him to assist with his act.

The other comedian was Randy Levin. Mr. Levin was here in February and he offered the students the chance of escape at a very dull time of the semester. He also let the students get involved with his performance. His act was also held in P.G. Katz.

LMP also sponsored a little show called "I can Make You Laugh". This was held in the fall and featured a variety of comedians. The jokes told centered around Cullowhee and its location. It was held in the Grandroom in the University Center.

- 1. Randy Levin on stage in P.G. Katz
- 2. Marty Putz entertaining WCU.
- 3. A comedian from "I Can Make You Laugh"
- 4. Randy Levin trying to get the students involved with his act.

   Not Even adds entertainment after the comedians left.
   An anxious crowd waiting for the comedian.
   Marty Putz shooting a cat through a hoop of fire into a net worn by Quinton.
   A student participating in the act of Marty Putz.

#### LMP Sponsors The River Clean-Up

Every spring, LMP sponsors a River Clean-Up of the Tuckaseegee. LMP offers not only fun activities every semester, but they offer activities that are beneficial to the community. After the river fun, LMP had a bar-b-que for those that had attended the activity.

#### Fantastic Movies

Every semester LMP offers a variety of movies that are shown for little or no cost to the students. These movies help the students occupy their free time and it allows them to be with their friends in a quiet atmosphere away from trouble.

#### Dancing the Night Away at

P.G. Katz offers students the chance to dance the night away with a lot of help from LMP and Dance Ltd. Dance Ltd. is responsible for providing most of the music at the dances held in the pub that entertain the students at WCU.

LMP sponsors all dances held in the pub except when a group rents the pub area for group gatherings.

- 1. Not Even entertains students with live music.

- Not Even entertains students with five music.

   A group of students getting in the swing of things.
   A loving couple on Valentine's Day at the pub.
   While at P.G. Katz students can dance or sit and talk with friends.

## P.G. Katz

#### ROTC — A Real Challenge

The Yearbook Staff like to extend a special thanks to the ROTC Department for all their assistance. We really appreciate the pictures you let us use.

ROTC is a very special department on campus because it works a person both physically and mentally. This strenuous educational program puts a person in the best possible shape for the future. Other departments on campus offer their students a strenuous mental workout but ROTC goes a step beyond and offers a strenuous physical workout to keep their students in top physical condition for their future whether it be in the Armed Services or in the working world.

Part of the physical workout is a session held every morning called a PX. During this morning workout, the students run or jog a certain number of miles and do sit-ups, push-ups, chinups, and other toning exercises. This session is not a required meeting for all students.

The ROTC Department also sponsors a Mili-

tary Ball every Spring semester. The ball is for all ROTC students and their dates. It is a formal affair and is held in the Grandroom of Hinds University Center. This year at the ball as in past years, the students have been able to have a picture made with their dates and they have an opportunity to purchase a packet of the photographs.

The ROTC program helps the students because it builds their strength in body and mind. ROTC also offers scholarships to its students through a nationally sponsored organization. The students that need aid to come to school now have the money to attend and even, in some instance, get paid to come. ROTC also builds the students self-image. ROTC makes the student see that they can accomplish anything they set their minds to accomplish.

Between building the students body and mind, ROTC offers the students the chance to better themselves and take pride in what they have accomplished.

The emblem for the ROTC Department tells the students exactly what they are to strive toward while in the department. They are to strive to improve their leadership abilities and strive toward excellence in all that they do in the program and life. The other two pictures on this page show a group of ROTC students walking down the four lane with their packs on. This is to build their strength and help them endure long distance hauls. The other picture shows several cadets negotiating a two rope bridge across Cullowhee Creek.

The ROTC not only sponsor a Military Ball and several other activities on eampus, they sponsor a candidate for Homeeoming Queen and her escort is usually a member of the Department.

The ROTC Department participates in the parades in the area for Christmas. The ROTC also marches in the Home-

coming parade.

The ROTC students learn many necessary skills for joing the military and others that are necessary for every day life. The students learn to seale walls, shoot guns on the firing range and walk long distances with backpacks on to build up endurance. The everyday skills they obtain is that they learn to save peoples lives in times of need and can control large crowds during riots or other disturbances.

### **ROTC Maneuvers**

The ROTC program at Western Carolina is a very powerful and respected organization. The men and women are more than just students, they are practicing to defend our Country. The members of ROTC will be the first ones to admit that it is a hard program, but they will also admit that it is a program that gives them pride, stamina, and a physical fitness that no other program on campus offers.

- The favorite style and fashion of the season seems to he camo!
   The men and women really enjoy playing with
- the colored powders. Could someone have dropped a few hack there?

  3. The guys seem to be making their plans to hreak into the house and steal some coffee and a few
- 4. Do they look tired, or is it just our imagination?5. Building those ROTC hodies!

- 1. Now when the sarge comes by we're gonna jump him just like this!
  2. Why do I have to climb this stupid wall?
  3. Hey guys! You can't all go across it at the same time!!
  4. If I throw this real hard do you think it will hit that new cadet on the head?
  5. Steve's being a good boy and sharing his lunch with his friends.
  6. Steve gives a few instructions to some of the men. (And prays that they listen to him!)

One of the most frequently asked questions at Western is "What is there to do at Western?" Due to the fact that most people answer, "Nothing," a lot of students go home every weekend to see their family or boyfriend/girlfriend. The students who go home constantly miss a very important part of life at Western. Western is a very active place to be on the weekends but you have to look for things to do, they are not going to come looking for you.

While on campus during the weekend, a person can party, study, hang-out with friends, go to P.G. Katz or visit the scenic areas around the campus. At P.G Katz, there are pubs, comedians, and bands that perform. The scenic areas include Bear Lake, Dillsboro, or Cherokee. The weekends are spent catching up on private time and giving your body the chance to unwind from a long week. The students who go home help the students who stay here by giving up their parking spaces, making cafeteria lines shorter, and relieving their roommates for the week-

The students who go home have advantages also. For one, they get to eat home cooked food for a nice change. Another advantage is the peace and quiet

they get while they are home.

While different people choose opposite sides on the "Suitcase College" Issue it is easy to say that Western contains a diverse grouping of people and thus everyone should strive to remain different.

Debbie Parsley

### At the Mike in Cullowhee

Even in Cullowhee, you can try your hand at entertainment. Students are always looking for a fun activity to attend and many performers take advantage of that fact when they stop off in Cullowhee. Only in Cullowhee can you eat, attend a comedy show, go to a dance, or just sit around and talk all in the same room and during the same

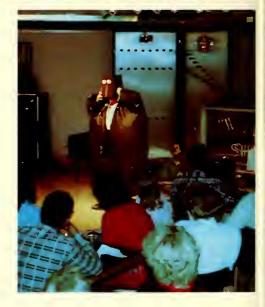

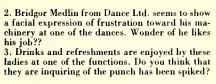

- 1. Not Even preforms for the students in
- the Cherokee room.
  2. Students enjoy a closeness here in Cullowhee and they make friends that last a lifetime.
- 3. During the Battle of the Bands students get to try their hand at entertainment. The Battle of the Bands is always a fun event for the "dorm room" musicans.

## Night Life

When in Cullowhee, do as the Cullowhians do. No student should ever be able to say that they have nothing to do in Cullowhee. There are always lots of fun activities occurring. Whether it be dancing at the P.G. Katz, or watching a movie there are always alternatives to party life.

S

e

The Valentine's Day Dance that was held at P.G. Katz was a big success. A lot of students turned out for the event. Friends were given the opportunity to catch up on the gossip and the couples in attendance were given the chance to spend a romantic evening dancing the night away. Between dances from Dance Ltd. and the many comedians that have appeared at the university, one would think that Cullowhee would be on the map for "High Energy Nightlife."

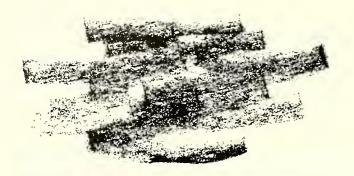

## **CONFUSION** IN **CULLOWHEE**

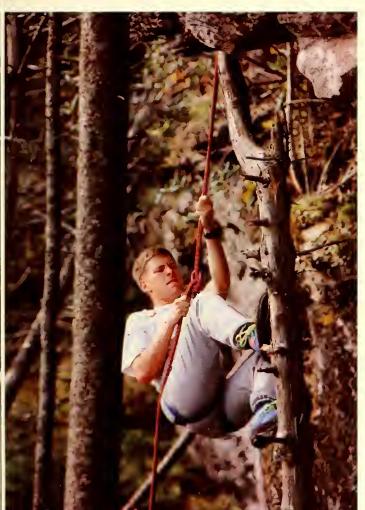

Jonathan Fondow

Debbie Parsley

For All The Pictures: All of these pictures show how college and Cullowhee in general can effect a person and what they do. Facial expressions and actions show a lot about how a person feels and these pictures show the feelings of a select few of the students at WCU. Some people can not even decide whether they are angels or devils!

### LMP — Student Entertainment

Last Minute Productions. Your student entertainment connection. That seems to hold true here in Cullowhee. Enough emphasis cannot be placed on how much LMP does for this campus every semester. They provide clean, wholesome fun that is not only beneficial to the students but to the community as well. The students of Western Carolina Work in LMP, and they help decide on activities for their fellow students. LMP has many members just as it has many purposes and their job is not an easy one. Without LMP a lot of the students on campus would not have any activities to attend, and our campus would be a very great loss. So, the next time you see a member of LMP, thank them for all of their hard work and dedication to this campus and to you, the student.

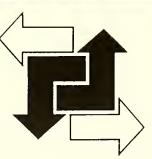

### The Outdoors

Students at Western enjoy being outdoors. Some of the activities they enjoy are back-packing, hiking, or kayaking.

The students that do

enjoy outdoor activities partake of them with friends and alone as a way to unwind from the tensions of the week.

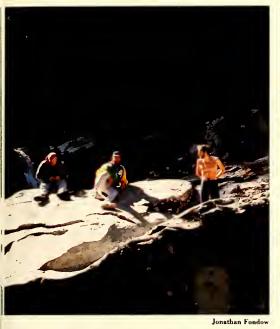

Whether with friends or alone, outdoors seems to be the place to be.

Kelley Thompso

Scott Hull

Western North Carolina offers many different outdoor activities such as hiking, camping, and rock climbing. A lot of the students enjoy participating in group trips or go out for a little time alone. Outdoor activities can be a happy, fun time to converse with friends and can also be a time to catch your breath after a long, hard week. For some students, the outdoors are appealing year around and for others, spring is preferred. Whether you prefer the outdoors year around or just during specific times of the year, Western is the place to find the activity that interests you.

Kelley Thompson

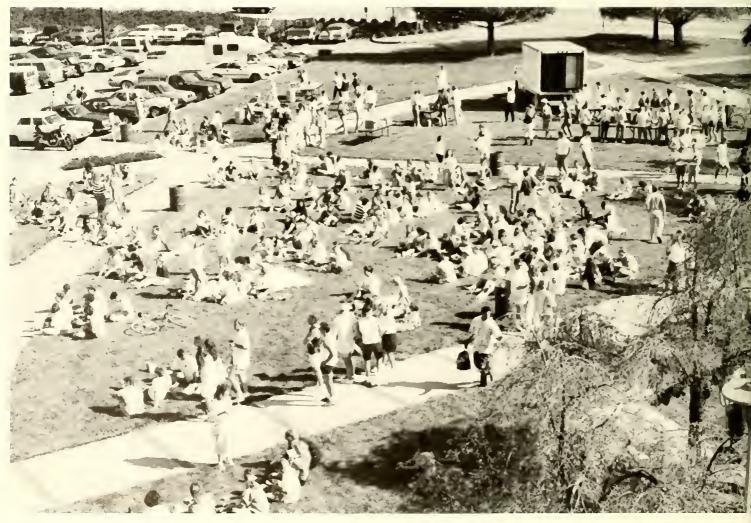

## SPRING FLING AT WCU

Spring is finally here and who knows how to herald its arrival better than most schools — Western, of course.

For several years, LMP has sponsored a Spring Fling Week which had outside activities as its main theme. Activities include Sundeas, a pub, a guest artist, and the annual River Clean-Up.

Students rush to attend many of the functions during Spring Fling because they are experiencing a case of cabin fever and feel the need to get out and see people that have not been seen or heard from since before Christmas break. Students gather on the lawn for dinner and a mini concert and tour the campus organizational fair during the course of the week. LMP packs the week with fun and exciting events for the entertainment of the students and to help them cope with their cabin fever.

The crowds gather on the lawn of the UC to view booths from different organizations and see what those organizations have to offer them. While on the lawn, students partake of a Dinner-on-the-Lawn by the cafeteria staff, LMP has the hot air balloon out but can't allow students to go up. A hot air balloon is very appropriate for the festive occasion.

- A crowd gathers to watch the excitement of the hot air balloon being filled.
   Students come out of hibernation after a long winter to view the organizational fair on the UC lawn.
   Bill Clarke and son enjoy the bright spring day as much if not more than the students do.
   Several LMP members are caught posing for the camera.
   Go Straight to Jail. Do not Pass Go. Do Collect Money for Charity.

- Enjoying the beautiful day, students sit back and listen to a mini concert on the lawn.
   LMP sells ice-cream sundaes to demanding students.
   The hot air balloon in all its glory.
   Students sit on the lawn and enjoy a hot, mutritious, and especially delicious meal from Dodson cafeteria.
   Where can we sit?

## SPARKS FLY AT HUNTER

On Sunday, February 26, Hunter Library caught on fire. The fire started in the Media Center and spread up and out. It caused considerable damage to all of the equipment and books housed in Hunter. The Media Center was totally destroyed along with an extensive collection of CDs, albums, video tapes, movies, VCRs, televisions and other electronic equipment. This fire caused massive damage not only to the library but to the mental state of its regular visitors.

Many students at Western never set foot in the library but many students at Western practically live in the library. The people who frequented Hunter often were extremely upset due to the fact that they had papers to do and had no where to do the research for them. This was the plight of many students during the restoration of Hunter. Many professors were understanding but many were not. Students had to spend Spring Break doing research or had to drive to Asheville or some local library to do research. The plight of the students equaled that of the professors. Professors who had already assigned papers had to decide whether to make them due at the regular date extend the due date or just cancel the paper all together. Many took the route of redistributing the percent averages and dropping the paper but many made the papers due on time and with perfect research. The fire at hunter made life really rough for students and professors.

Finally in March, the downstairs was opened. There were not many reference books available but the facilities beat having nothing at all. Western was getting back in a routine and it was a relief. Near the end of school, Hunter was opened again completely. There was an Open House for students and faculty. Western was at last back to normal.

# MISS CATAMOUNT PAGEANT 1989

Pi Kappa Alpha proudly presents the 2nd Annual Miss Catamount Pageant. This special and spectacular event was held in the Liston B.

Ramsey Regional Activity Center.

The females that competed for the title of Miss Catamount were talented, beautiful, and highly involved with the University. The contestants were judged in three categories. They were sports wear, swimsuit, and evening gown. As all the contestants waited back stage with an air of anticipation hanging over them, Angela Lyon Miss Catamount 1988 sang a rousing song to her Pi Kappa Alpha Big Brother. When the contestants finally came back on stage, the winner had been decided. Angela Lyon crowned Angela Benson as the 1989 Miss Catamount.

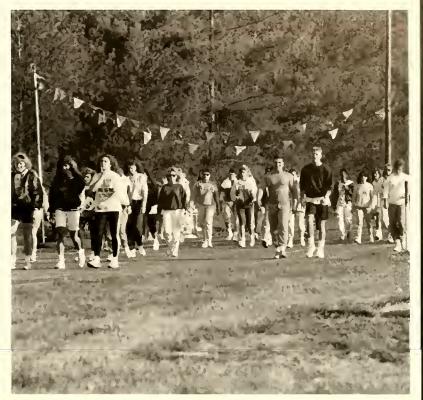

## **CAT-A-THON** — 1989

The CAT-A-THON was held in April at the track. Organizations on campus were encouraged to participate in order to raise money for their groups. This was a healthy, fun alternative to fund raisers.

The money raised was going to be divided between the group and ALS. The group participating got a percentage of the money while the remainder went to help the fight against ALS.

Students from different organizations and offices walked, ran, or jogged for a worthy cause and raised a lot of much needed money.

The participants received a CAT-A-THON Tshirt for their support and were also treated to a hot dog supper.

# SCOTT BEACH REMOTE

Each year hundreds of students gather behind Scott dorm to worship the sun and listen to all the hot tunes from WWCU 90.5. This is a time of rejoicing because Mr. Spring is knocking of everyone's door.

Scott Beach Remote is held the first weekend in April and is a lot of fun. The back of Scott resembles Myrtle Beach in the heat of the summer and is just as loud and hot.

## WESTERN GETS A TASTE

Ride 'em, Cowboy! That sentence conjures up a picture of horses, bulls, cows,

and roping with the lasso.

Western got a taste of the real Western life when the rodeo came to town. The people of Cullowhee got to see the bucking bronco, the barrel races, and the cattle roping.

The rodeo was held in the Ramsey Regional Activity Center and was loved by all that had the opportunity to attend

during the three days of shows.

The competitions were stiff and had people cheering on their favorites. The people may never have heard of the riders before but before the rider had completed his ride, the crowd was cheering him on in his attempt to remain in the seated position.

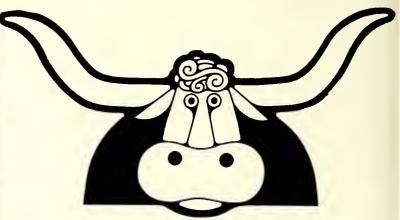

# OF WESTERN LIFE

## SUMMERTIME IN CULLOWHEE

Summertime in Cullowhee means various things. It could mean that you are taking a much needed class, your parents work here and have enrolled you in the various summer activities or you are attending some sort of camp or Oricutation.

If you are taking class, your time is pretty open. You have class at a maximum of four hours per day each and every day. So after class, what can you do? Most people lay out in the sun or use the extra time to study and eatch up on the soaps.

If you are enrolled in the different activities, your day is pretty filled depending on what you like to do. Young people have the opportunity to learn to swim, play tennis, and take arts and craft classes. It gives them an opportunity to learn and have fun and gives their parents peace of mind.

If you are here to camp or Orientation, you have no free time. Every minute of every day is filled with activities for you to partake of while you stay at Western. This gives you an opportunity to learn and experience more of life at Western.

Summertime at Western is not as dull as it may seem from the outside. You just have to look for things to keep you busy.

Everyone who visits Western during the summertime has a lot of outdoor activity. The younger children enjoy their time swimming, playing tennis and just sitting around outside while the older visitors enjoy walking around campus when it cools down at night. Whether you are young or old, Western in the summertime has something to offer.

## GRADUATION — WE MADE IT!!!!

Graduation is a time for happiness, sadness, fear, and over-

whelming joy.

All graduates have a fear of what waits for them in the real world and it scares them to think of having to make it on their own. The graduates who already have jobs are less scared about what the future hold but they are still uncertain of exactly what they can expect.

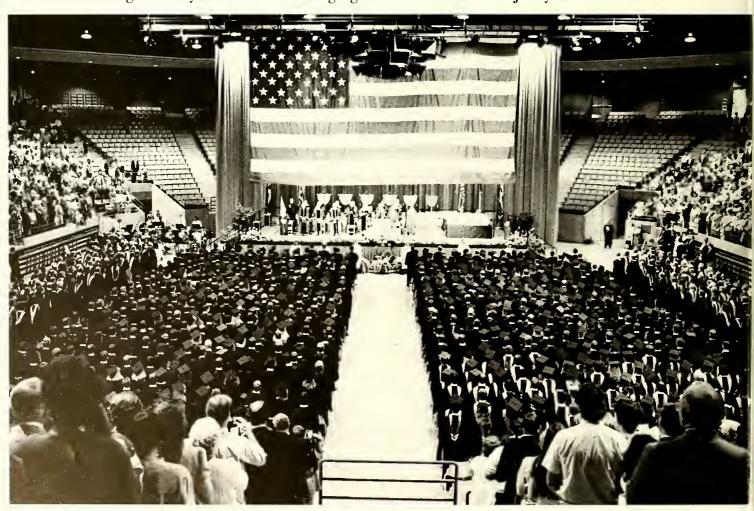

All the graduate knows as he is walking out to the standard Pomp and Circumstance is that he is receiving a very hard

earned degree and he is overjoyed by the fact that the last four years is coming to an end as far as school is concerned. He does not feel the same way about the people he has met and became friends with. Maybe they will keep in touch but more than likely they won't, but they hold on to what they had in college and remember the good times of college in a hazy fog. As time passes, they forget all the work and suffering that they went through for the degree they now have hanging on their office wall

and remember only the good times with friends and wish they could have a piece of that time back. Then the reunion rolls around and they really would love to go but they are afraid. afraid that they will ruin the memories and then they will have nothing to hold on to from the college days.

Hold on the the fond memories of Western and hold us close to your heart. Congratulations, graduates. Hope you do well in the real and prosper at whatever

job you choose.

## **GREEKS**

## **GREEKS**

# $\Delta Z$

- 1. DZ's are ready for a mixer with Lambda Chi.
- ${\bf 2.}$  The Greek Chariot Race brings all the sisters together to show their spirit.

3. Are the DZ's going to a mixer or to Greece?

## **DELTA ZETA**

The Theta Iota chapter of Delta Zeta Sorority was founded on May 8, 1962. It has grown to be one of the largest sororities on campus.

If interested in Delta Zeta, you can find the sisters involved with the Greek games, Pike's Peak, and the All Sorority step-show sponsored by Alpha Phi Alpha and Sigma Chi Alpha where in

1989, they won first place. They were also the winners of Greek week.

The biggest award presented to Delta Zeta this year was the award for "Best Sorority of the Year." This just goes to show that the Killarney Rose is the best flower to represent DZ because of its perfection of being thornless.

2. DZ Bid Day, Spring 89

3. DZ's ride in the greek parade with style.

## PHI MU

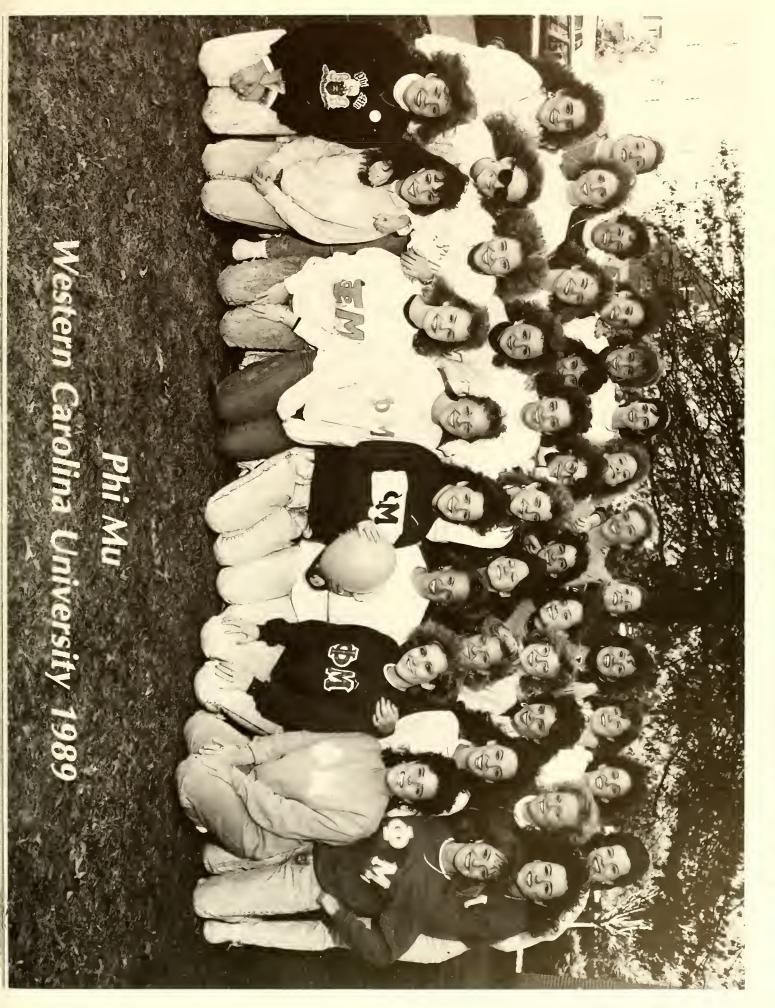

Phi Mu believes that the fraternity is a valuable extension of one's college life. Through Phi Mu's chapter development program, members have the opportunity to discover a variety of talents and interests from the time they accept membership until they graduate.

As a provisional member, individuals have the opportunity to develop a real understanding of the meanings and traditions of Phi Mu. Provisional members participate in many of the chapter decisions and in all social and educational programs.

After initiation, Phi Mu's are encouraged to develop valuable leadership and management skills through active participation in various chapter and campus activities. Group involvement lets the individual gain a better understanding of one's self while sharing the rewards and challenges of college life with meaningful friends.

# Alpha Chi Omega

# $AX\Omega$

1. A group of Alpha Chi Sisters gather for a pic.

2. This group of Janes sure look ready to find their Tarzan.

3. Several Alpha Chi's show off their "Men of WCU" calendar.

## ALPHA CHI OMEGA

Alpha Chi Omega is a national eollegiate sorority offering lifetime membership, experience in selfgovernment, encouragement to develop as an educated woman, philanthropic service to others, and high standards. Alpha Chi Omega was founded at De Pauw University in Greeneastle, Indiana, in 1885 and now has chapters at over 120 uni-

versities and eolleges. Alpha Chi Omega was founded in 1985 at WCU.

The Zeta Omega Chapter is very active in eampus activities and intramurals. They also contribute many hours to various service projects such as Easter Seals, Cystic Fibrosis, and Special Olympics. They have a Big Sister Program with Broyhill.

Alpha Chi Omegas get together on Bid Day.

# Signa Cappa

These Sigma Kappa's are happy.

Why do you have chickens in your study?

- 1. Spring Bid Day in the Sig Kap study.
- 2. Sigma Kappa brothers sport their letters.

. Spring Bid Day, 1989

3. Sigma Kappa's are "true" sisters.

## SIGMA KAPPA

Sigma Kappa Sorority is one of the oldest sororities at WCU. Its local chapter, Gamma Rho, was founded in 1958.

The Sig Kaps have participated in the Greek games, Pike's Peak, and the Panhellenie trash pick up. They also have participated in the Lambda Chi Alpha sorority kidnap and sponsored the Fall Blood Drive

with Lambda Chi. Sigma Kappa sisters sponsored safe trick-or-treating for the children of the surrounding community at Halloween and entertained sick children at C.J. Harris Hospital. To top it off, they adopted a child for Christmas.

In 1989, the Sigma Kappa Sorority proved to be sisters of true love for everyone.

# Alpha Xi Delta

# AEA

The life of an Alpha Xi is an active one. She can be seen participating in Greek Week, Spring Fling, Pike's Peak, and as volunteers for Special Olympics and Catathon. She raises funds for the Jackson County Humane Society and for the American Lung Association.

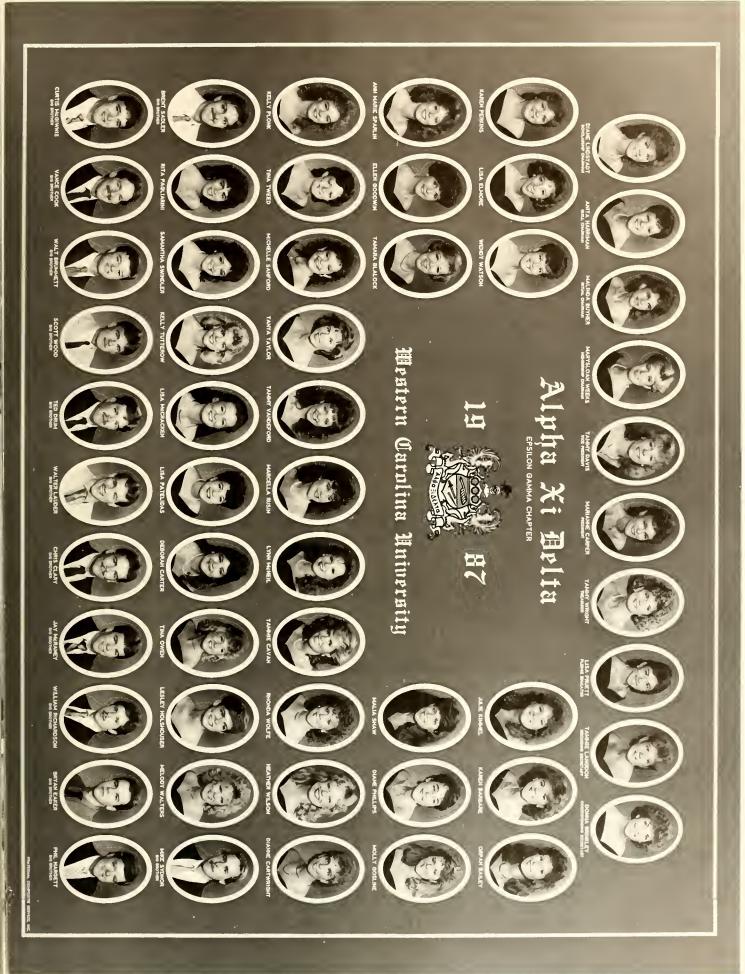

Alpha Xi's are also seen in various honor societies, little sister organizations, as resident assistants, and as ever present intramural participants.

All of this is only part of what membership in Alpha Xi Delta includes. The friendship and sisterhood will remain with an Alpha Xi Delta throughout her WCU days and beyond.

## ZETA TAU ALPHA

Zeta Tau Alpha was founded by nine young women in 1898 and has since grown to an international fraternity with 190 chapters and third national ranking. The Zeta's at Western are active in nearly all phases off campus life. We participate in several money making projects for our national philanthropy, the Association for Retarded Citizens. Our most popular fund raiser is the annual Valentine Carnation sale. We also work with the Special Olympics and the kids at the Mental Health Clinic on campus. Zeta stresses scholarship and

we are always willing to help cach other by having Stndy-Buddies, programs on study skills, and study-quiet hours on the hall. Throughout the year we anticipate such functions as a Christmas Dance, Parents' Weekend, our spring awards picnic, alumnae get-togethers, Zeta Day, hall parties, and our favorites — Crown Crown Ball Weekend.

- 1. Sisters Forever
- 2. Zeta Bid Day 1988
- 3. Two Zetas sharing a happy moment.

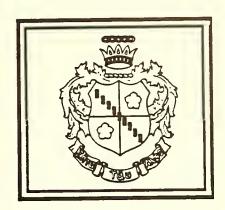

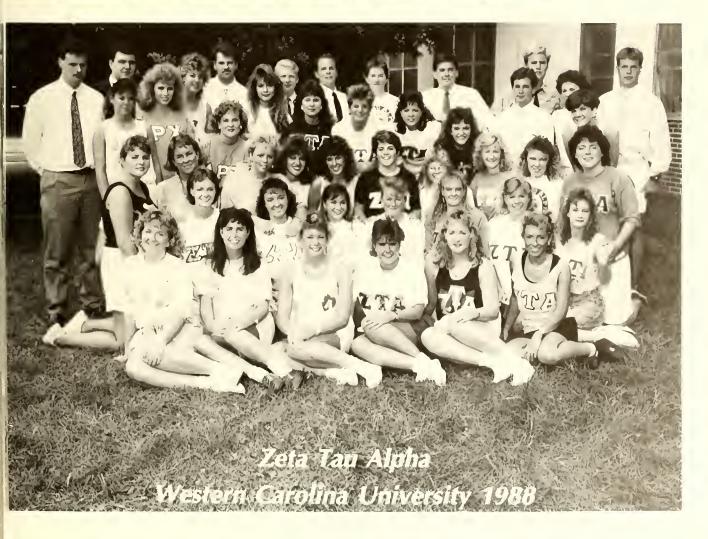

# Zeta Tau Alpha

# ZTA

- 1. A group of Zetas ready for a hot mixer.
- 2. The Zeta's gather for a group shot.

## DELTA SIGMA THETA, Inc.

Delta Sigma Theta, Inc. is one of two black sororities on campus.

They are involved in many activities on campus. Their sorority has special projects that ben-

efit the community and their own sorority.

They are involved with the programs during Black Awareness Week. During Black Awareness Week, DST participates in

the scheduled programs, the Step Show and the Pageant.

Delta Sigma Theta, Inc. is a very close knit group of people.

### ALPHA KAPPA ALPHA

Alpha Kappa Alpha Sorority was founded January 15, 1908 at Howard University. This was the first black sorority founded to cultivate and encourage high scholastic and ethical standards and to also be of service to all

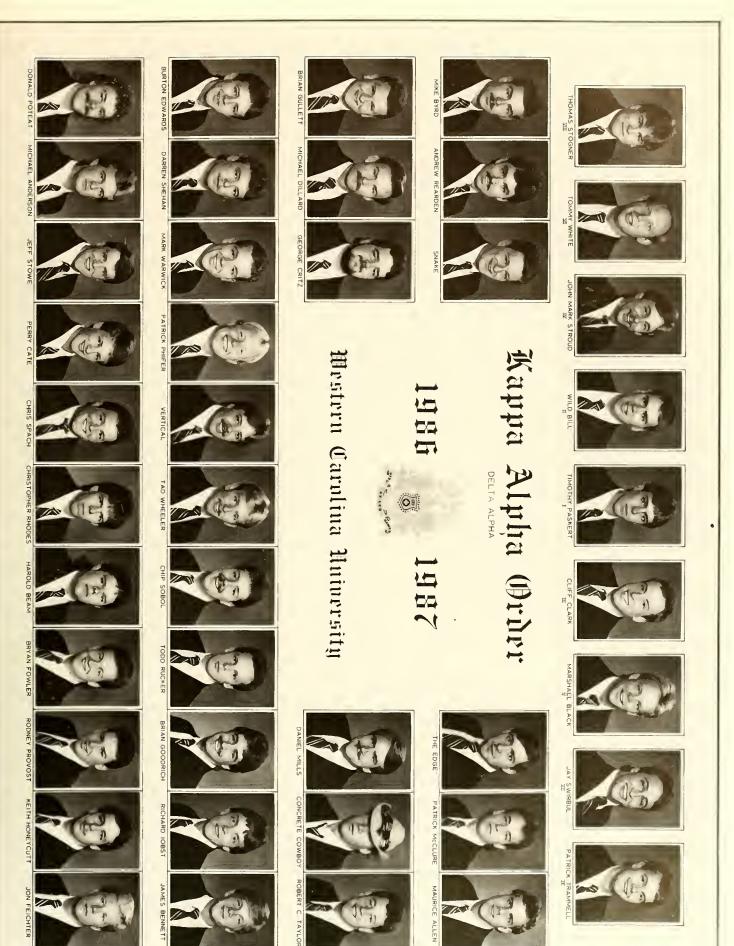

mankind.

Candidates for membership must have completed one full semester and attained a C+ cumulative average.

Alpha Kappa Alpha participates in all Black Awareness Week activities. They plan their Step Show activities months in advance and during the show the audience can tell how close they all are.

# Lambda Chi Alpha

founded on November 2, 1909 at Boston University, and chartered locally on February 22, 1969. Internationally known as "The Fraternity of Honest Friendship," the Lambda Chis at Western Carolina are known for being the recipients of the Fraternity Scholarship Award for eleven of their sixteen years

The Lambda Chi Alpha was of local existence, Student Development's Outstanding Fraternity Award and numerous community service and charitable activities. Excellence in other areas such as intramurals and Greek relations are recognized in Lambda Chi. Campus highlights include Lambda Chi Alpha Raft Race and Sorority Kidnap.

# SIGMA NU

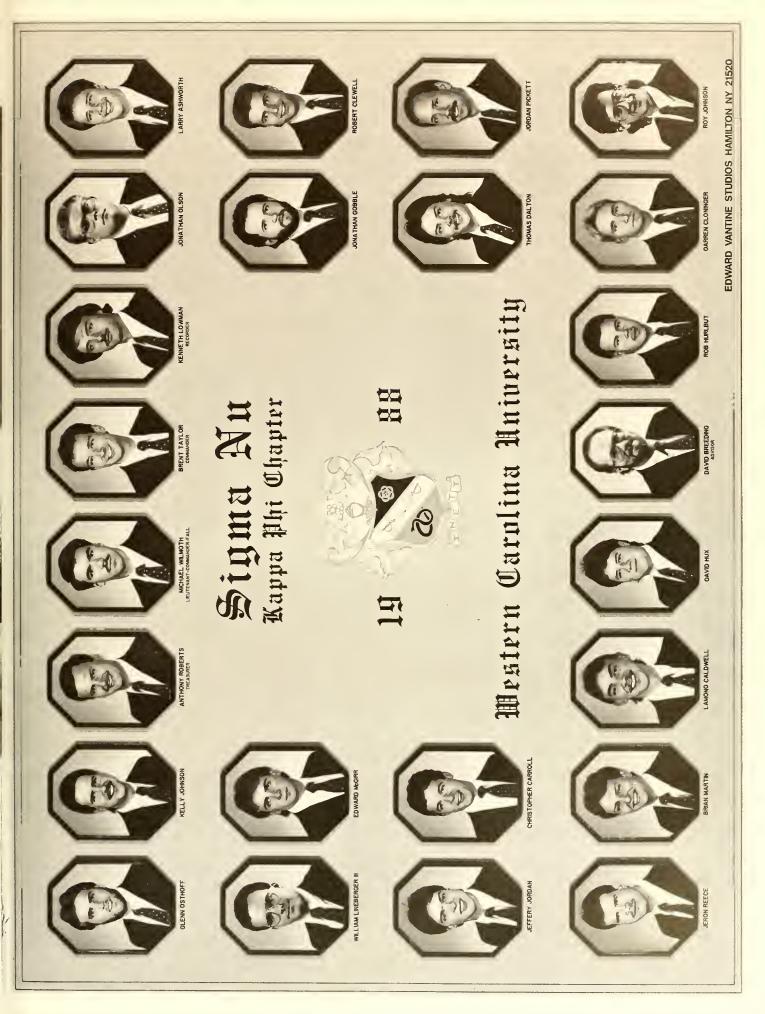

Sigma Nu was founded during the tumultuous times following the Civil War at VMI in Lexington, VA on January 1, 1869. Founded on the tenets of love, honor, and truth it has proudly survived for more than a century.

Sigma Nu promotes academics, leadership, lasting friendship and activities that enhance a student's educational experience. Sigma Nu provides the opportunity for brothers to participate in a wide range of campus organizations as well as intramurals and other greek activities.

# Sigma Phi Epsilon

# ΣΦΕ

- 1. A Sig Ep Brother goofs off.
- 2. A group of Sig Eps and friends celebrate after a game.

Twelve men formed Sigma Phi Epsilon at Richmond College (now the University of Richmond), on November 1, 1901. They based their fraternity on three principals: Virtue, Diligenee, and Brotherly Love.

Sigma Phi Epsilon has grown to become the second largest among 60 national fraternities. An independent survey bureau, which ranks fraternity ehapter by peer eonsensus of quality on each campus, has, over the past few years, consistently placed Sigma Phi Epsilon in the top five national fraternities nationwide. Over 70% of our ehapters continue to rank in the top half of their eampuses.

85% of Sigma Phi Epsilon ehapters are in some form of fraternity housing.

# Pi Kappa Alpha

Pi Kappa Alpha was founded on March 1, 1868, at the University of Virginia in Charlottesville. The fraternity stresses high moral standards and scholarship. Pi Kappa Alpha, known as "PIKA," was chartered on the campus of Western Carolina on February 12, 1967.

The WCU Pikes have sponsored many activities this year including the annual Pikes Peak competition between sororities and the Miss Catamount Pageant. The Pikes also participated in the IFC Canshake supporting ALS and the Bob Waters Leadership Fund.

- 1. Pikes strut their stuff.
- 2. A group of "Bad" attitudes.

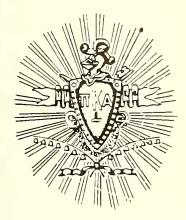

- 3. Dressed for a night on the town.
- 4. A hayride in a firetruck?

# ПКА

A group gathers for a shot.

A lazy day in front of the tube.

### Theta Xi

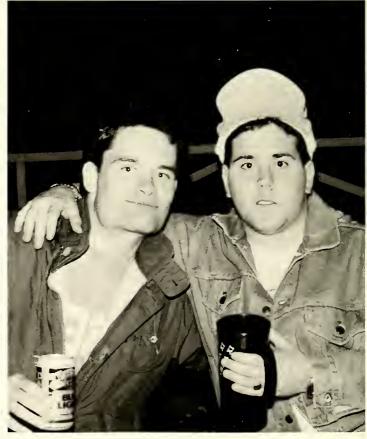

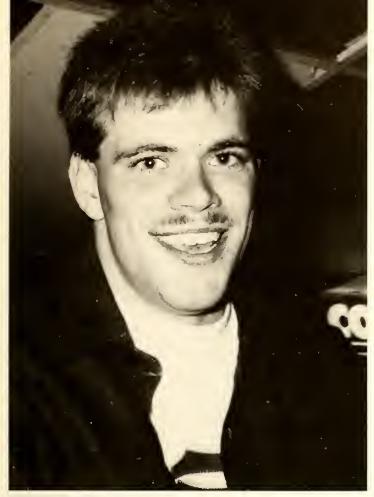

1. Theta Xi has a "true" brotherhood.

2. Theta Xi Fraternity located on River Road.

3. Scott and Lee watch the door at a party.

#### THETA XI

The Kappa Phi ehapter of Theta Xi Fraternity was founded at WCU in 1958 as the first fraternity on eampus.

This year Theta Xi brothers have been "On the Prowl and Lovin' It." They have competed in all intramural sports activities where they placed third on campus in softball. They also hosted and competed in

1. Scott, What are you so happy about?

the Greek games.

The closeness of the brothers of Theta Xi comes through because the brotherhood is a "true" brotherhood. It shines brightly when the brothers raise money for Multiple Sclerosis, their national philanthropy and by participating in the IFC Canshake raising money for ALS and the Bob Waters Leadership Fund.

2. Theta Xi Fraternity

## GREEK WEEK AT WCU

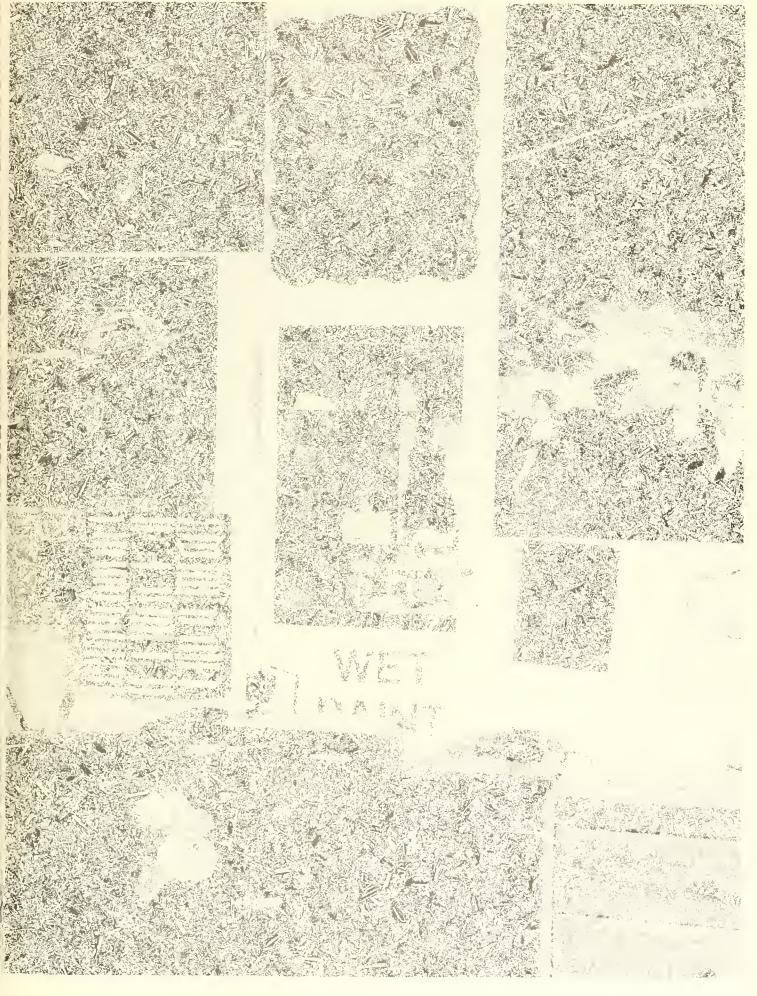

# INDEPENDENTS INDEPENDENTS INDEPENDENTS

#### DORM SWEET DORM

Everyone has a preconceived idea of what dorm life will be like. Then you come to college and quickly realize it's what you make it. The first step is making friends. This leads to a time of sharing of which lifetime friendships are based. Dorm life then becomes more than just a living arrangement — it's the first step toward the future. — Crystal Hamby and Angela Young

Barry Love takes a break.

Friends Forever.

Hall gathers for a group meal.

You, I want You.

Karen Siehl is just laying around.

Will you leave me alone? This is private.

Halloween in the Dorm is a blast.

Teresa, Is the stress too much?

A group of friends.

#### LIVING INDEPENDENTLY

Um, Um good.

Relaxing on the phone.

Friends are a great thing.

Now, where did I put it?

**Buddies Forever** 

Roommates become close friends.

Please get off the phone.

A quick hug between friends.

Grandma has arrived for a visit.

Mummy, Oh Mummy.

#### WHERE DO YOU GO WHEN

When it's an all Greek party, where do the Independents go for fun? Don't worry! You'll be happy to know there is always a party to be found somewhere on eampus. It may be in a dorm, where Jeff Biggerstaff experienced a "PJ party on my hall where there were several hundred drunk people there going erazy." Or it may be on a mountain top as Angie Young experienced "drinking beer and roasting hotdogs over an open fire until the early hours of the morning." Do you party with the Bourbons? A lot do. Then there are those who stick with the basies, like the Beast. But no matter who you party with, party safely. — Crystal Hamby

This isn't what I meant when I said I needed a lift.

All I had was a chili-dog and now I'm in exile.

Yo, Jeff! Why is there a cat on your head?

Angie, Where did you learn to surf?

#### IT IS AN ALL GREEK PARTY?

If the eyes are the mirror of the soul . . .

The body's here but the mind is long gone.

Catharine "Nikki" Anderson says, "I'm here, where's the party?"

Who took the last drink?

I did!

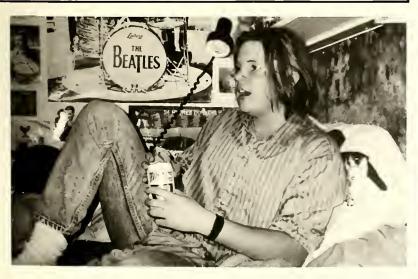

Whether an independent is at a planned function or with a group of friends, they know that fun is right around the corner. Independents party with each other and with Greeks. They are expendable and do not limit themselves with one way of life.

- 1. Angie, your shoes are a perfect fit.
- 2. Hi guys, Wanna join the party?
- 3. Leisure time at the party.
- 4. Mr. Monkey is just hangin' around.

#### WHEN THE PARTYING STOPS

A college student's life involves some partying, playing, and fun. But then comes the serious times. It's test time and suddenly you have to find a quict place to lock out the world and lock you in with those torture instruments, your textbooks. So where do you go to study? Tim Hannah, Ashley Brown, Kelly Shuffler, Sandra Humbert, and Amy Marze all like to study in their rooms because they seem to feel that they "can get more accomplished" as Amy Marze says. Others like Meselech Michael and Barry "Wally" Love like to study at the library because as "Wally" puts it "it's quiet." Since quiet is something needed it can be understood that people will leave the dorm for it, but in gaining quiet you lose comfort, and that takes some of your motivation with it. So when you have to study you choose your compromise and then try your hardest to reestablish that motivation. Because if you don't, then you have to face the consequences. Which for many of us can be summed up by Valerie Christmas, Parents would kill me." -Crystal Hamby and Angela Young

Studying is an important part of college life. Preparation for class, tests, or class presentations require time and effort. This means it is important for students to know how to balance time.

#### AND THE STUDYING STARTS

Going to the library and studying in groups is an extremely important part of study time. Some people study in groups because it keeps them from goofing off and others do it to keep from being bored. Whatever the reason, studying with others is important.

#### WHERE IS YOUR

- 1. A group of students get together to clear a trail through the woods.
- 2. As part of ROTC, students learn to climb ropes.
- 3. Backpacking is a favorite of many students.
- 4. A group of ROTC students learn to rock climb.

#### SENSE OF ADVENTURE?

- 1. Camping is a fun activity at Western.
- 2. Going to the beach is always funduring a break.
- 3. Students help with the River Clean-Up.
- 4. A couple at play during Spring Break.
- 5. Kelley Thompson practices falling ont of the raft.

#### HAVE YOU SEEN

- 1. Such an educational piece of material.
- 2. Why eat it when you can wear it?
- 3. Ronald McDonald to the rescue.
- 4. Surprise!
- 5. Smile you're on My Camera.

## THIS PERSON?

Western Carolina University is well known for its friendly atmosphere. Everywhere you go people stop to speak and make you feel welcome and at ease. There are no strangers on eampus because everyone seems familiar.

The upper classmen go out of their way to make the freshmen feel right at home. The process of friendship starts at their arrival for Orientation and continues when they come back for fall classes.

WCU is definitely the most friendly eampus around.

# INDEPENDENTS ON THE MOVE

- 2. Chris Smith in the kitchen?
- 3. A trip to the beach can bring people closer.

- 4. A street shot of Tequesta, FL.
- 5. A scenic shot of a beautiful building.
- 6. A mill in Western North Carolina.

- 3. A hot spot in Nashville for LMP.
- 4. Steve Dominick stands looking at the ocean.
- ,5. Gettin' up. Ride 'em Cowboy.

- 1. A very heart smart shot.
- 2. A shot of Myrtle Beach look out.

## WANTED BY REASON OF TEMPORARY

When most people get their yearbook, they look to see what they and their friends were caught doing during the year. So we decided to bring you some of the silliest and

craziest times at Western. This is Western's Most Wanted — by reason of "temporary insanity." Hope you enjoy it and have a few good laughs over the pictures and captions. We did. — Crystal & Angie

I S N T Y

# ME AND YOU AND

## **OUR SCHOOL**

How do Independents see our school? Where are some of the places they spend their day-time hours when they are not in class? The dorm is one, yet there are many different places on campus that attract students during the day. Sunny spots where students sit and talk while catching some rays, as well as shaded spots from which to keep cool and check out the scenery, and the scenery that they are looking at is not just the flowers in bloom. Cullowhee is a place of beauty with the mountains all around and students can take pride in their campus as well as their school and their education; both in school and in life. — Crystal Hamby and Angela Young

# WHERE DO YOU GO IN

## CULLOWHEE AND SYLVA?

As we all know Cullowhee and Sylva do not have a lot to offer in the way of social gathering places but they do have an abundance of fast food restaurants and local places to eat. They also have plenty of places to purehase groceries and party times. Those are the places

that are frequented the most by the local college crowd. It is like a ritual that on Friday night you go out to eat. For the people who do not go home every week-end Sylva and Cullowhee are the places to go for good food and fun.

#### STUDENTS AT WORK

Many students eome to college quiekly and realize that in order to make it, they have to have a job. Western helps many of these students by providing them with on Campus jobs. These jobs give students a

chance to make their spending money or next semester's tuition, while at the same time enabling them to meet other students and learn how to handle some of the "joys" of the real world. These are things like the hassels of putting up with demanding people and trying to stay cool while someone is putting you down for just doing what you are supposed to be doing. On the other side, however, is the good feeling that comes from being able to help and from knowing how to do your job well. — Angela Young

#### AFTER HOURS AT WESTERN

Finally classes are finished for the day, and this is your time to be yourself. After hours is the time you spend in doing all of the things that you want to do and can not find the time for during regular school hours. After hours is when you go out for a bit to eat, hang out with your friends, or just find a quiet place to sit and get away from the pressures of your day. After hours is also when you hunt up whatever nightlife that these mountains have to offer; the time that you call your own and refuse to let everything that is tugging at the back of your mind catch up with you. It is the time to sit back and enjoy life for a few short hours before classes and study bring you back to reality. What is reality? It is what makes your after hours time so much more fun. -Crystal Hamby and Angela Young

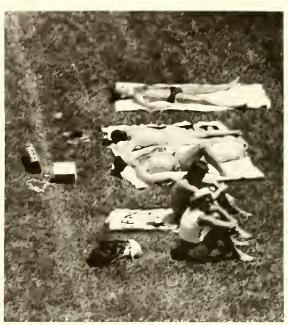

# SHOWEST: LICOR'S

# SCENIC CAROLINA

After growing up in North Carolina, I sometimes forget how beautiful the area really is.

When you look around and see all the trees and mountains, it gives a sense of peace and tranquility. The area is gorgeous and the people are friendly. What more could any person want.

#### THE BLUE RIDGE PARKWAY

The day is bright and sunny. The sky is so blue that you can image Heaven among the clouds. Springtime in Cullowhec is onc of the small joys of college life. The North Carolina mountains have much to offer to you, if you will just take the time to appreciate them. Beauty and peace are what can be found in the mountains. Stolen moments to enjoy finding out about yourself, as you gather your thoughts to you and reflect on who you are and where you are going. The Blue Ridge Parkway and other places near Cullowhee offer you a chance to hike, climb, or just lay out in the surrounding peace. I once heard the phrase, "This is God's country." I believe that the speaker was talking about our mountains in the spring and fall. — Crystal Hamby

# UP, UP, AND AWAY

Just a little farther.

Don't look down.

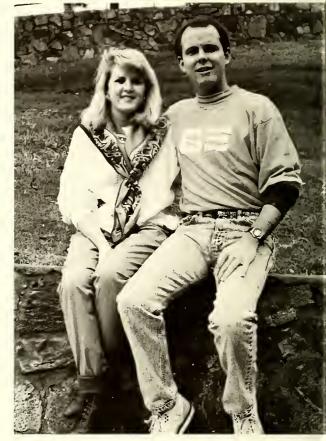

Oh no, I'm slipping.

#### GREEK-INDEPENDENT COUPLES

Dating in college always has its pressures. The worst is conflicting schedules. You have to plan earefully around classes and studying so that you can still have that time you need with the person that is very special to you. In these next couple of pages are some Greek-Independent couples and some Independent couples who agree to show how they meet and how they combine college with their special relationship.

Karen Siehl and John Rhinehardt met through the fraternity. John says the hardest part about the Greek/Independent relationship is the mixers he attends. Karen and John spend their time together with friends, partying, studying, talking, and being together. They don't find that the Greek/Independent relationship is all that much of a problem. They enjoy their time together and don't think about their different lifestyles.

Amy met Fred December 6, 1988 at Harrill dorm. Amy says, "We met down in Harrill by the way of one of his fellow brothers at a party. From that night on we have been dating." Fred and Amy share many of the same hobbies. Their hobbies consist of: swimming, hiking, biking, taking road trips, and Sig Ep parties. They are both sophomores.

Gerald and Kelly met through friends at an independent party that had Greek present. Kelly thinks that the hardest part of their relationship is when the parties are all Greek and no independents are allowed. Kelly's opinion of the Greek system has changed in that she sees the Greek system as more close knit than she did before. They spend their time together studying and being together. They do not feel as though their relationship is any different from some other couples.

Tara Smith says of her relationship with Mark Davidson," We spend every bit of our spare time together because between my sorority and his cheerleading squad, we have very little time together. We talk a lot, study, watch television, and support each other in our organizations. We don't party too often because it gets to be a drag. A lot of times, if Mark wants to party and I don't, he goes ahead and I stay home or do something with my sisters. It works both ways."

## INDEPENDENT COUPLES

just like all other couples. They go places together, study together and spend time with each other and friends. They learn that they have the same or similar per-

Independent couples are sonalities and enjoy being Just because you have a lettogether. No matter what ter or don't have letters you are whether Greek or doesn't mean your relation-Independent, you aren't dif- ship is better or worse than ferent in terms of relationships. All relationships have problems and good time.

your friends and neighbors.

Mary Tucker met Mike three years ago. Two years after meeting they had class together and began to be good friends. After a friendship developed, they started dating. They enjoy camping, skiing, dancing, and hanging out on 5th floor Harrill with all their friends. Although they are separated during summers and holidays, they manage to keep in touch and keep their relationship strong.

Stacy Vasquez and Avery Doss met the first weekend of Fall semester '87 and have been dating since then. During the summer of 1987, Avery proposed to Stacy. Staey says the seene was really romantie. It was sunset at a beach in Tampa. Their wedding date is May of 1990.

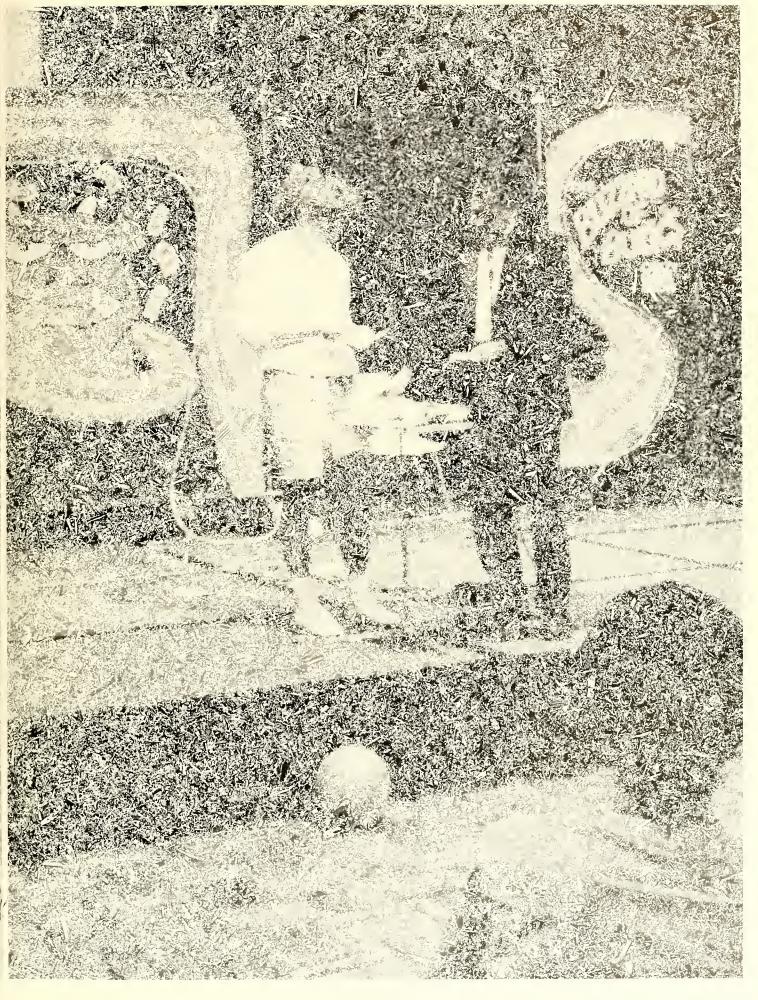

Connie Marsh and Jerry Gouge met in high school. They have been dating for approximately 6 years, but not continuously. When it came time to go to college we both liked Western and so it seemed natural for us both to come here. There future plans include marriage after they graduate. They have a good relationship that will hopefully bring a good marriage and lots of happiness.

# **CLUBS**

# **CLUBS**

# **CLUBS**

I would like to go ahead and apologize for the lack of pictures in the Clubs and Organizations section. Due to circumstances beyond my control, most of the film used to take the pictures of individual organizations disappeared and has not at this time reappeared. I am very sorry if your organization had a picture taken and it is not in the book.

I would also like to express my disappointment with the lack of enthusiasm I have seen this semester from the organizations on campus. There is a lack of support for fellow students who are struggling to put together a book the student body can be proud of. I hope in the future there will be a greater desire to get involved and become part of the yearbook.

The following is a list of organizations whose pictures are supposed to be in this section but are not.

Baptist Student Union

### ORIENTATION GOES TO

Each year over a thousand freshmen come to view Western's campus and see what the students and professors are really like. The first students they have contact with are the Orientation leaders for that year.

Orientation leaders go through a lot of training about the University and how it operates but the most important part of a leaders training is the group building skills so the leaders can work as a team and not as individuals. The team is built through a week of training before Orientation begins through a week of training before Orientation begins and through one weekend at SROW. That is the Southeast Regional Orientation Workshop which leaders from all over the southeast attend and switch programs and ideas. This time is an excellent time for new leaders to learn more about the program and to get to know each other.

The key to a well organized and efficient Orientation program such as the one Western has is the ability of the people to work closely together and trust each other. Western works to build the friendship of its leaders and thus make Western's Orientation one of the best.

#### WHAT DOES IT REALLY MEAN

To be involved at Western means many things. It means that you get to meet people, you have made a commitment and you get to go places with people that you never dreamed you would know much less be traveling with.

Getting involved at Western gives you the opportunity to meet a variety of people and does not limit you to just your major but opens up areas that interest you or areas that you would like to know more about. Getting involved allows you to ask questions and get answers about the group you are interested in. Once you meet the people once they tend to go out of their way to get you involved and make you feel comfortable. Many people go through college and don't take the time necessary to get involved and regret their lack of involvement when the hit the job market and can not even socialize because they lack the skills necessary to communicate with a large group.

Many people get involved to use the involvement on their resume. This is an okay practice as long as you get involved with things that interest you and not just things that will look good on the resume.

Once you get involved, you have in a sense made a commitment to the group that you will support them and what they do as long as it is for the good of the group.

Travel is a big bonus to getting involved in groups. A lot of groups on campus take annual trips to places like New Orleans, Florida, Mississippi, and Tennessee.

There are many other reasons to get involved but the most important is the personal satisfaction you could get from being part of a group.

1. Bridgor Medlin, occasional DJ at P.G.Katz, plays around with several LMP members.

2. Renee! Renee! Come in Renee.

## TO BE INVOLVED AT WCU?

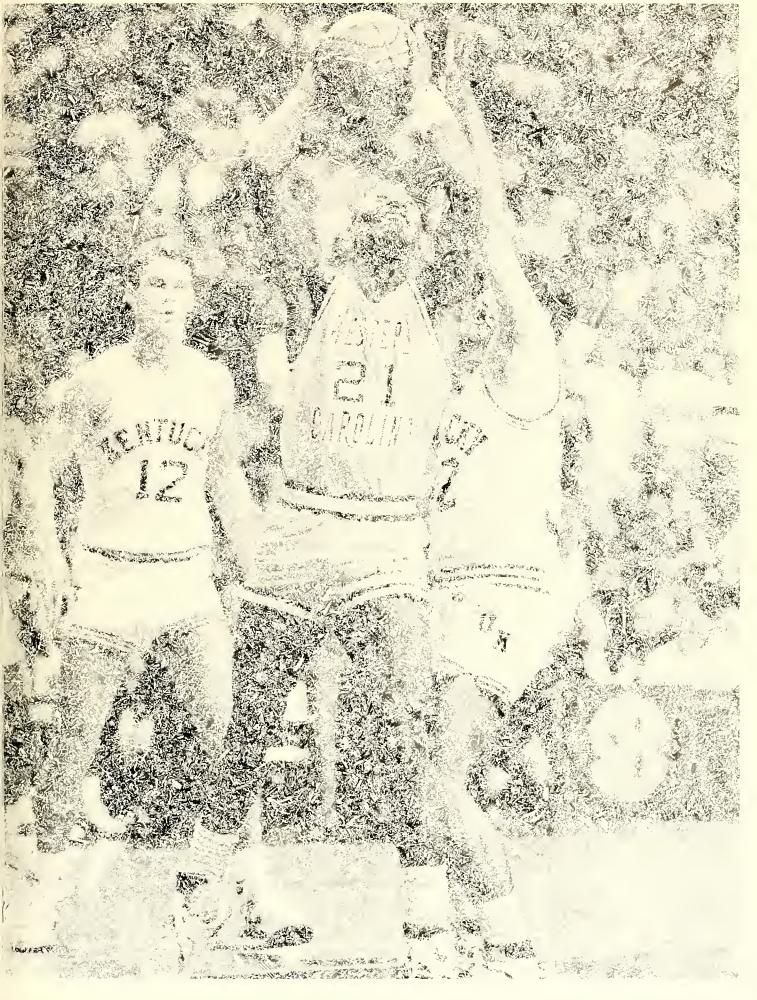

- A relaxing pause in a hectic schedule in Nashville, TN.
   LMP's first meeting of the year.
   The River Clean-Up volunteers gather outside the UC.
   "What is LMP really like?"
   "Oh! Gee thanks! Just what I've always wanted!"

## FOOTBALL HIGHLIGHTS

The Catamounts finished a tough season in 1988 with a 2-9 record. The team kept their spirit high as they went from game to game but they still fell short of wins.

At the end of the season, Coach Bob Waters resigned his position and was replaced by a new coach.

At this time I would like to express a heart-felt sadness at the loss of Coach Bob Waters. He added a lot to the football team and the university and will be greatly missed. Bob Waters passed away in May.

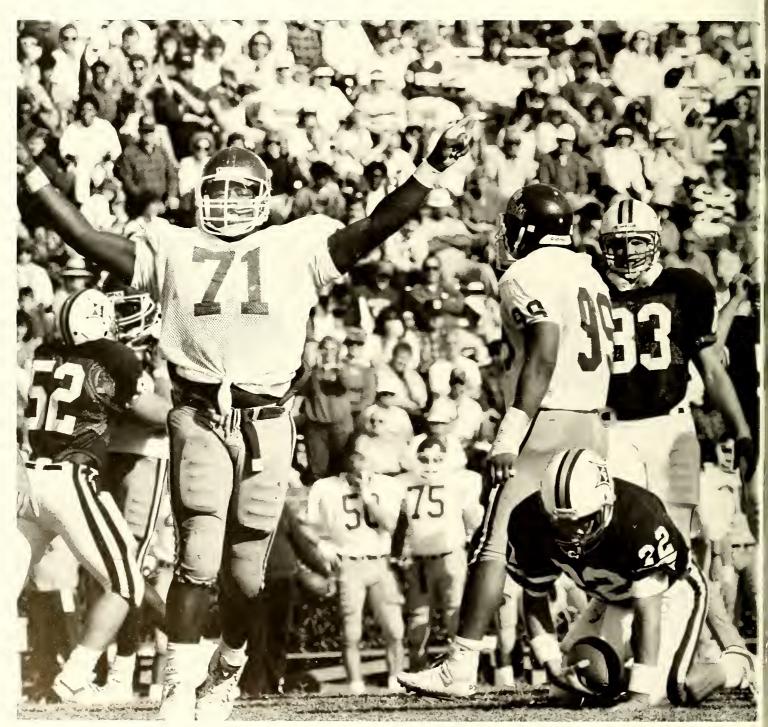

## THE CATS IN ACTION

On the field the Cats move like liquid lightening in order to prove they are the best. The team struts their stuff and score a touch down when the crowd least expects it. The crowd cheers on the Cats no matter if they win or lose. Once a CATAMOUNT, Always a CATAMOUNT.

## BASKETBALL ACTION '89

Western Carolina University Basket-ball is exciting and attention grabbing. This season the team started off with a new coach and the season started off good. Later in the season controversy started to shadow the teams reputation and the new coach quit at the end of the season. This year the coach will be Coach Blatts.

### WCU MARCHING BAND

All registered students of WCU are eligible to participate in the University Bands, which includes the marching, wind ensemble, campus, pep and jazz bands. The marching band performs during the fall semester and reorganizes into the wind ensemble and campus band at the end of the football season. Auditions are required to participate in the wind ensemble and jazz ensemble. The pep bands perform at all home basketball games.

### MYRON COULTER

Chancellor Coulter came to Western four years ago after working with the College of Idaho. He received his Bachelor of Science from Indiana State Teachers College in 1951. Later, he received his Masters of Science and Doctorate in Education from Indiana University in 1956 and 1959, respectively. As Chancellor, Dr. Coulter's responsibilities are extremely varied. He is expected to do a great deal of traveling to promote the school. Since Chancellor Coulter has been in office, the Ramsey Regional Activity Center has been completed, a campus renovation program has been implemented, and new techniques have been instituted to attract new students to Western and insure the school's continued prosperity.

Mary Anne Nixon was awarded the Chancellor's Distinguished Teaching Award. Ms. Nixon is the first female to win this prestigious award.

#### VICE CHANCELLOR BUSINESS AFFAIRS DR. C.J. CARTER

Dr. Carter received his A.B. from Wofford College in 1960. He later reeeived both his Master of Arts and Doctorate from Florida State University in 1967 and 1971 respectively. This year marks Dr. Carter's twelfth year at Western Carolina. As Chaneellor of Business Affairs, Dr. Carter is responsible for a variety of funding activities. THe offices directly under his control are responsible for receiving and distributing funds to departments, organizations, and individuals.

### VICE CHANCELLOR ACADEMIC AFFAIRS DR. JOHN H. WAKELEY

Dr. Wakeley received his A.B. in 1954 from the College of Wooster. In 1962, he received his Master of Science from North Carolina State University at Raleigh. Later, he received his Doctorate from Michigan State University in 1961.

#### VICE CHANCELLOR STUDENT DEVELOPMENT DR. GLENN STILLION

Dr. Stillion received his Bachelor of Arts and Master of Arts degrees at the University of Mexico in 1960 and 1961 respectively. Later, he received his Doctorate at Florida State University in 1968. He came to work at Western Carolina University in 1973. As Vice-Chancellor of Student Development, Dr. Stillion is directly responsible for Student Government, the WESTERN CAROLINIAN the CATAMOUNT, and Last Minute Productions as well as many other student activities.

### VICE CHANCELLOR DEVELOPMENT AND SPECIAL SERVICES DR. JAMES DOOLEY

Dr. Dooley received his B.M. from the University of Chattanooga in 1952. In 1955, he received his M.M.E. from North Texas State University. Later, in 1963, he received his Doetorate from Florida State University. He has been with Western Carolina University since 1969.

### SCHOOL OF BUSINESS

The ultimate goal of the School of Business at WCU is the development of responsible people, and the primary objective is to provide a forum for examining the principles, needs, and issues which encompass the world of business. Western Carolina University's School of Business is among only two hundred institutions in the United States whose excellence in graduate and undergraduate education is recognized through full accreditation by the American Assembly of Collegiate Schools of Business.

### SCHOOL OF TECHNICAL AND

The School of Technology and Applied Science has as its major thrust the recognition and dissemination of useful career-oriented knowledge in a variety of technical and professional fields. Its programs are designed to provide practical experiences and applications of principles in the career fields for which it is responsible. All undergraduate programs include a carefully integrated sequence of technical and applied science courses, courses in interpersonal relationships and mathematics appropriate to the discipline as well as the broadening general education requirements in English, literature, the humanities, social and natural sciences, and health and physical education.

### SCHOOL OF ARTS AND SCIENCES

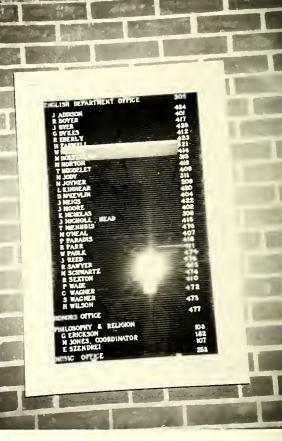

The role of the School of Arts and Sciences is to serve as a community of scholarship involving students and faculty in a broad range of intellectual and aesthetic activities. The most significant of these activities is the teaching/learning process that takes place between students and faculty in the classrooms, laboratories, studios, and field locations. The school provides a varied curriculum in the fine arts, humanities, and sciences.

The faculty engage in research, creative activities, and publications. Students are often directly involved in these scholarly activities, which enhance the reputation of the school and university in the broader academic world.

### SCHOOL OF EDUCATION

### AND PSYCHOLOGY

The School of Education and Psychology seeks to prepare professional personnel for the school and colleges of the state and region and for other educational and service agencies. It coordinates all teacher education curricula at the university and provides services to individuals, schools, and regional educational and professional agencies. It undertakes continuous evaluation to assure curricula and professional services of high quality and coordinates the screening, selection, and counseling of students pursuing programs of study in the school.

Admission and retention policies in teacher education programs are based on standards and guidelines of the State of North Carolina and the National Council for Accreditation of Teacher Education. Approved institutions must have established procedures for implementing decisions regarding admission

to, and retention in, teacher education programs.

### SCHOOL OF NURSING

The School of Nursing and Health Sciences is specificially concerned with the preparation of entry level practitioners, with learning as a lifelong process, and with the concept of the health professional as a scientist and humanist. Graduates of the school enter the work force as beginning professionals in the ever-changing and continually expanding field of health maintenance and the delivery of health care, and it is imperative that their learning and professional growth continue beyond baccalaureate education to keep pace with the increasingly complex modalities within the health systems. The faculty of the School of Nursing and Health Science is dedicated to this concept of lifelong learning.

### AND HEALTH SCIENCES

The students in the School of Nursing and Health Seienec learn the technicalities of the health business through hands-on experience and in the classroom. Students participate in the Red Cross Blood Mobiles by pricking fingers, taking temperatures, and reviewing the forms and asking the donors vital questions.

### GRADUATE SCHOOL

The Graduate School at Western Carolina University awarded the first graduate degrees in 1952. Since that time, it has continuously broadened its offerings. Programs offered by the Graduate School lead to ten master's degrees with more than 50 options in the different professional and academic areas; and to the Education Specialist degree in school administration, supervision, curriculum and instruction, and elementary education.

### PEOPLE HELPING PEOPLE

At Western Carolina University, an important part of every class taken is the amount of individual attention given to each student. Everywhere you look there are people helping others all over campus. The help extends to all aspects of living on campus. Whether you need help finding a building or doing an assignment, you can be assured there are plenty of people to help you when you need it.

A ROTC student gets help and instruction on handling a piece of equipment.
 A student gets assistance from a tutor at the Writing Center.
 Currin Cooley awards a certificant to Graduate student, Chuchart Banghrai.

### NOT NECESSARILY PROFESSORS

Western Carolina University faculty are important to the running of the university but they aren't the only ones who lead class, meet the parents when they visit, deal with the students and help students with projects. Many of the offices around campus help students and parents through the use of tutorial services, job placement, and visitor tours of the campus.

### RENOVATIONS EVERYWHERE

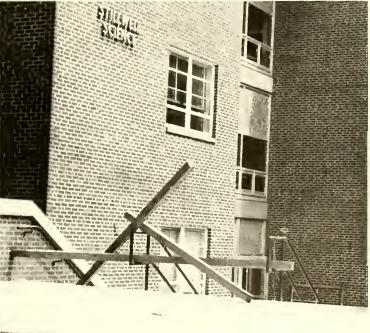

Renovations at WCU are from one end of the campus to the other end. Stillwell, McKee, and Hoey have been renovated as part of a grant from the state of North Carolina.

Another renovation that has been going on around campus is the renovation of Hunter Library. Hunter has been renovated since the fire in April. New equipment has been purchased and installed to be used by students and faculty during the summer and fall.

Over summer, the Former Catskeller was reconstructed as part of the renovations to the University Center. During the fall semester, the Catskeller was renamed "P.G. Katz".

Everywhere you look on eampus, workmen ean be seen doing repairs to Stillwell and McKee.

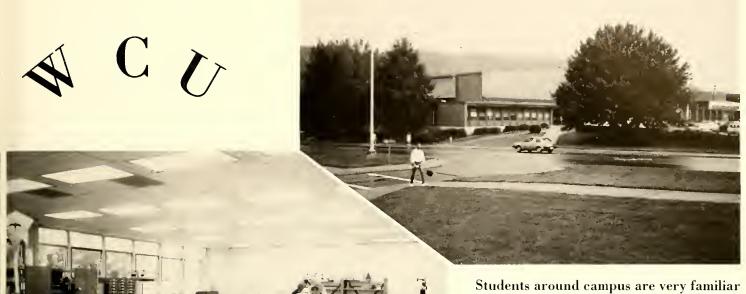

with the buildings around campus. Whether they have classes in them or go to them just to relax. There are a total of 20 academic buildings and 9 residence halls.

# BUILDINGS

# ALUMNI TOWERS

# NEW ADDITIONS AROUND CAMPUS

There are two new additions to the WCU campus.

The first is the NC Center for the Advancement of Teaching. This building is being constructed across the highway from the campus. The NCCAT is a statewide center that recognizes and supports outstanding North Carolina public school teachers. It enhances teaching as an art and profession.

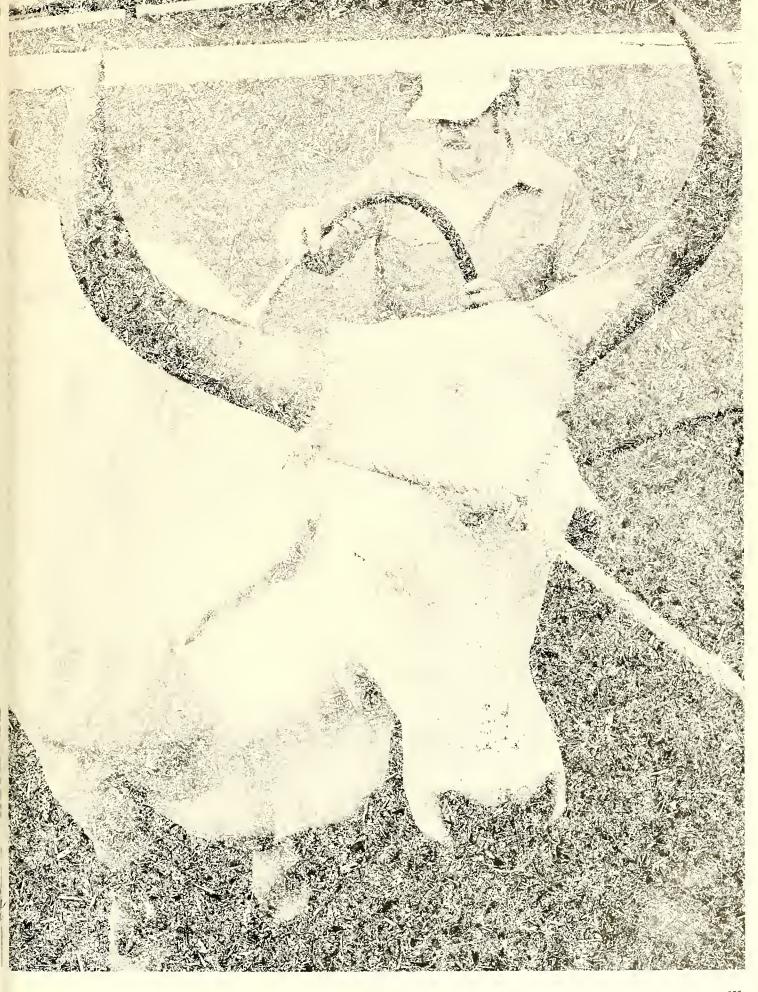

The second addition to campus is the Alumni Tower. The tower is being built in honor of Western Carolina University's Centennial. The money to build the tower came from donations made by alumni of the university. The tower will be located in front of the University Cen-

## CLOSING

## **CLOSING**

# CLOSING

All students are different in some way or another. They party differently and study in their own way but they are consistent in one aspect. They all end the school year with a glorious cheer and head home for a vacation. The vacation may only last for a short time before they are back for Summer School or off getting a job but all students enjoy their summer no matter how they spend the time.
